For each eligible class, there is a Description, Class Code, Standard Industrial Classification (SIC) Code, North American Industry Classification System (NAICS) Code, Property Rate Number, Liability Class Group, Liability Exposure Base, Earthquake (EQ) Rate Grade and Earthquake Sprinkler Leakage (EQSL) Susceptibility Grade. Any asterisks (*) in the SIC Code or NAICS Code columns indicate that the SIC Code or NAICS Code should be determined from a more specific classification. The Liability Exposure Base column indicates whether LOI (Limit of Insurance), PAY (Payroll) or SALES (Sales) is to be used as the Occupant Liability Exposure Base for a particular class.
