

UniPAY Payment Option

UniPAY is the convenient and safe way to pay your insurance premiums! Our **UniPAY** option enables you to have your insurance premiums paid automatically, in up to 12* equal monthly installments, from your bank or credit union account.

With **UniPAY**, no large, lump-sum payment is required. And, you can avoid the problems associated with mailing payments, including:

- Mail delays
- Rising postal rates
- Late payments
- Late fees
- Service charges

To initiate the service, simply fill out the attached authorization agreement and submit a voided check (if your deductions are to be taken from that account)

to your Utica National independent insurance agent, or if you have a current UNIBILL account, mail the agreement back to us with your next insurance payment.

In order to update your banking records accordingly, you will be notified prior to the initial withdrawal, of the monthly withdrawal amount. Should this amount change for any reason, you will be notified approximately 15 days prior to any change that results in modification of your premium amount.

Should you have questions, please contact the independent agent near you who represents the companies of the Utica National Insurance Group or call us at **1-800-59UTICA** (1-800-598-8422).

**Depending on the term of the policy.*

Authorization for Utica National's UniPAY Electronic Funds Transfer Program

I(we) authorize the Utica National Insurance Group, or its subsidiary or affiliated companies, to debit/credit the financial institution account(s) as listed below for payment of the policy premium as premium(s) become due. I(we) further authorize said financial institution to honor such debit/credit entries to my(our) account(s). I(we) agree that if a debit/credit is dishonored, the financial institution shall have no liability even if the dishonored debit/credit results in the forfeiture of insurance. I(we) agree that only written notification from me (the insured) to the financial institution and to the Utica National Insurance Group, or its subsidiary or affiliated companies, will cause this agreement to be terminated. Should a debit request be dishonored by the Financial Institution, Utica National Insurance Group may change the amount of future debits to reflect the payment of the policy premium over a 10-month period from commencement of the policy term. I understand that Utica National Insurance Group may also debit my account for any premiums in arrears.
