

With Utica National's **Child Care Program** Safety is No Accident

The companies of the Utica National Insurance Group have risk management services that are designed to reduce losses. We coach, support and provide resources for our Child Care policyholders to keep staff, students and property as safe as possible.

EXPERIENCE

Our risk management professionals have years of experience working with child-related issues – child care centers, schools and religious institutions, and will offer advice to help you keep your center safe and secure.

SAFESCHOOLS ONLINE TRAINING COURSES PROVIDED TO POLICYHOLDERS AT NO ADDITIONAL COST

Online training courses like *Child Abuse: Identification and Prevention* and *Blood Borne Pathogens* are just two of many trainings offered that help you save time and money.

DEDICATED WEBSITE

Provides timely information on common and evolving risks unique to child care centers. Gives access to our risk management manual, which features information on dealing with crisis, misconduct, bullies and more.

ADDITIONAL NO-COST RESOURCES FOR POLICYHOLDERS

We provide resources on playground safety and bullying prevention and maintain a safety hotline so policyholders can call a risk manager for advice when you need it.

IMPORTANT DISCOUNTS FOR YOU

25% discount on background checks for prospective employees and volunteers and 10% on safety merchandise such as blood spill kit and labor law posters.

FLEET MONITORING

The companies of the Utica National Insurance Group can include fleet monitoring for policyholders with 20 vehicles or more through SafetyFirst. When someone calls the toll-free number on the back of a vehicle to comment on driving, you are notified.

TELEMATICS

A device captures data on vehicle use, monitors vehicle speed, measures how hard a stop is, and can give drivers an audible/visible queue making them aware of unsafe maneuvers. You get reports that identify high-risk behaviors and fuel waste. Additional charge for equipment and service from vendor-partner applies.

**Utica National wants to help you make your operations as safe as possible.
Contact your local independent agent to discuss the value Utica
National will bring to you and your business.**
